

Alexander Kharmansky

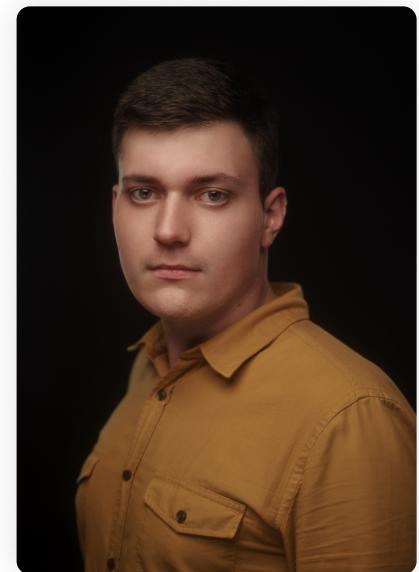

Front-end developer

Astana, Kazakhstan

23 y.o.

Front-end developer with more than two years of experience working with HTML, CSS, SCSS (SASS), JavaScript. Using Flexbox, Bootstrap and BEM-methodology. Had experience developing e-commerce stores using CMS OpenCart. Also worked with jQuery, Webpack, basics of React, Git, npm, Figma, Sketch and Adobe Photoshop.

My main goal is to always be a useful part of the team. I'm always open when it comes to communication. Can be effective in finding quick solutions. Always learning.

Projects and experience (davilexx.github.io/portfolio)

- **uno** (davilexx.github.io/uno) — a fully responsive web page for designer's portfolio based on his own custom design.
- **Saldi** (saldi.kz) — an e-commerce responsive website based on CMS OpenCart with custom design, Telegram order notifications and simplified order page.
- **Maybe Potato?** (maybepotato.ru) — a website for fast food restaurant based on CMS OpenCart with custom design, Telegram order notifications and simplified order page.

I also developed a couple of pet projects:

- **GPT-3** (davilexx.github.io/gpt3) — a React-based, fully responsive website dedicated to a GPT-3 technology and artificial intelligence with a generated text from the ChatGPT.
- **Shelter "Cozy House"** (davilexx.github.io/shelter) — a responsive website for an animal shelter. Consists of two pages: Main has a slider with a pseudorandom order of animal cards and modal windows; Pets has a pagination which changes depending on screen size.
- **Momentum** (davilexx.github.io/momentum) — a replica of an official Momentum extension. Implemented modules: greeting, time and date, weather forecast, quote of the day, a custom audio player and settings; you can set the background using GitHub, Unsplash or Flickr as a source with a preferred tag; etc.

Education

V.I. Vernadsky Tauride College

2014–2018

Programming in computer systems

V.I. Vernadsky Crimean Federal University

2018–2021

Applied mathematics and computer science, bachelor
